

VAYAL FOODS PRIVATE LIMITED

Official Company Profile — FY 2025-26

Prepared for internal and partner circulation. All figures pertain to the financial year ended 31 March 2026 unless stated otherwise.

1. COMPANY OVERVIEW

Particular	Detail
Registered Name	Vayal Foods Private Limited
Brand Name	Vayal
Founding Year	2017
Legal Structure	Private Limited Company (CIN registered in Tamil Nadu)
Headquarters	Coimbatore, Tamil Nadu
Manufacturing Unit	SIDCO Industrial Estate, Kurichi, Coimbatore
Employee Count	52 (as on 31 March 2026)
Industry	Food Manufacturing — Millet-based packaged foods
Business Model	Hybrid (B2C branded retail + B2B institutional and bulk supply)
Annual Revenue	₹8.36 Crore

Vision

To make traditional South Indian millet nutrition a everyday convenience for modern households across India and beyond.

Mission

- To source millets and allied ingredients directly from farmer groups in Tamil Nadu at fair, pre-agreed prices.
- To manufacture clean-label millet foods free from artificial preservatives, colours, and flavours.
- To offer millet products at price points accessible to middle-income Indian families.
- To maintain FSSAI, ISO 22000 and HACCP compliance across every production batch.

Products / Services

Vayal manufactures and markets six product lines across four categories:

- 1. **Health mixes** — multigrain millet-based nutrition powders
- 2. **Bakery** — millet cookies
- 3. **Instant mixes** — ready-to-cook batter and breakfast mixes
- 4. **Snacks & RTE** — roasted millet namkeen and instant porridge cups
- 5. **Bulk ingredients (B2B)** — institutional millet flour

Target Customers

Segment	Description
Urban health-conscious households	Families in Tier-1/Tier-2 South Indian cities, monthly household income ₹50,000+
Parents of young children	Buyers of Sathu Maavu / health mix for children aged 1-10
Diabetic and weight-managing adults	Consumers aged 35-60 seeking low-glycemic staples
Institutional buyers	Schools, hostels, hospital canteens, Anganwadi supply contractors
Food service & repackers	Cloud kitchens, bakeries, and private-label brands buying bulk millet flour

Certifications

FSSAI Manufacturing Licence · ISO 22000:2018 · HACCP · NPOP Organic Certification (Organic Little Millet line only) · GMP compliance

2. COMPANY HISTORY

Year	Milestone
------	-----------

2017	Company incorporated in Coimbatore by R. Meenakshi Sundaram (agri-commodity trader) and his daughter Divya Sundaram (food technologist, CFTRI alumna). Initial paid-up capital of ₹18 lakh. Operations begin in a 1,800 sq ft rented shed with a single pulverizer and 6 employees. First product: Vayal Millet Health Mix, sold through 14 provision stores in Coimbatore.
------	---

2018	FSSAI manufacturing licence obtained. Ragi & Jaggery Cookies launched after a 9-month recipe development cycle. Headcount reaches 15. First distributor appointed in Erode. Revenue closes at ₹64 lakh.
------	---

2019	Instant Millet Dosa Mix launched. First supply agreement signed with a Coimbatore-based school chain for 4,000 kg of health mix annually. Company crosses ₹1.4 Crore in revenue. Warehouse space expanded to 3,500 sq ft.
------	---

2020	Pandemic year. Retail offtake through general trade drops sharply for five months; company pivots to direct home delivery within Coimbatore and lists on Amazon in September 2020. E-commerce contributes 11% of revenue by March 2021. Revenue ₹1.9 Crore.
------	---

2021	Company purchases 22,000 sq ft plot in SIDCO Kurichi and begins construction of an owned manufacturing facility, financed through a ₹1.6 Crore term loan from a public sector bank under the CGTMSE scheme. Roasted Millet Munch launched.
------	--

2022	New factory commissioned in August 2022 with installed capacity of 50 tonnes per month. ISO 22000:2018 and HACCP certifications obtained. Headcount reaches 34. Distributor network extends into Karnataka and Kerala. Revenue ₹3.7 Crore.
------	--

2023	Declared the "International Year of Millets" — Vayal participates in three government-sponsored millet expos. Listings secured with two regional modern trade chains and BigBasket. D2C website launched on Shopify. Bulk institutional flour business formalised as a separate SKU. Revenue ₹5.2 Crore.
------	--

2024	Automatic form-fill-seal line and rotary rack oven installed (capex ₹78 lakh). Millet Porridge Cups launched as the first ready-to-eat SKU. Marudham Organic FPC partnership signed for direct farm sourcing of little and barnyard millet. Chennai depot opened. Revenue ₹6.8 Crore.
------	---

2025	Indirect export sales commence via a Tuticorin-based merchant exporter to UAE and Singapore ethnic grocery chains. Quick-commerce listings go live in Coimbatore, Chennai and Bengaluru. Zoho CRM and Unicommerce OMS deployed. Bengaluru 3PL depot opened.
------	---

2026	Headcount reaches 52. NPOP organic certification received for the Organic Little Millet range. Revenue closes FY 2025-26 at ₹8.36 Crore.
------	--

3. ORGANIZATION STRUCTURE

3.1 Departments and Headcount

Department	Employees	Reports To
Executive & Administration	5	Managing Director
Production & Manufacturing	22	Director - Operations
Quality Assurance & Food Safety	4	Director - Operations
Procurement & Supply Chain	3	Director - Operations
Warehouse & Logistics	5	Director - Operations
Sales & Business Development	7	GM - Sales & Marketing
Marketing & E-commerce	3	GM - Sales & Marketing
Finance & Accounts	3	Manager - Finance & Accounts
Total	52	

3.2 Key Roles

Role	Name	Department	Scope
Managing Director	R. Meenakshi Sundaram	Executive	Overall strategy, banking relationships, farmer sourcing partnerships
Director – Operations & Product	Divya Sundaram	Executive	Manufacturing, R&D, quality, procurement, new product development
General Manager – Sales & Marketing	A. Karthikeyan	Sales & Marketing	Channel sales, distributor network, marketing spend
Plant Manager	S. Ravichandran	Production	Shift planning, output, maintenance, line efficiency
Quality Assurance Manager	Dr. P. Nandhini	QA & Food Safety	Batch testing, HACCP records, certification audits
Procurement Manager	M. Iqbal Basha	Procurement	Millet and packaging sourcing, vendor management
Logistics & Warehouse In-charge	V. Selvakumar	Warehouse & Logistics	Depot stock, dispatch, transporter coordination
Modern Trade & Institutional Sales Manager	Reena Thomas	Sales	Retail chains, schools, hospitals, bulk contracts
E-commerce Manager	Aakash Menon	Marketing	Marketplace listings, D2C site, performance marketing
Manager – Finance & Accounts	K. Lakshmanan	Finance	Accounting, GST, payroll, MIS, working capital

3.3 Departmental Composition Detail

Department	Composition
Executive & Administration	MD, Director–Operations, GM Sales & Marketing, 1 Executive Assistant, 1 HR & Admin Executive
Production & Manufacturing	1 Plant Manager, 2 Shift Supervisors, 4 Machine Operators, 12 Production Workers, 2 Maintenance Technicians, 1 Store Keeper

Procurement & Supply Chain	1 Procurement Manager, 1 Buyer (Grains), 1 Buyer (Packaging & Consumables)
Warehouse & Logistics	1 Warehouse In-charge, 2 Warehouse Assistants, 2 Delivery Drivers
Sales & Business Development	1 GM (shared), 1 Modern Trade & Institutional Manager, 4 Area Sales Executives, 2 Sales Coordinators
Marketing & E-commerce	1 E-commerce Manager, 1 Digital Marketing Executive, 1 Graphic & Content Designer
Finance & Accounts	1 Manager, 1 Accounts Executive, 1 Billing & GST Clerk

4. PRODUCT PORTFOLIO

All selling prices are net ex-factory realisations excluding GST. Manufacturing cost is fully loaded (raw material + packaging + direct labour + factory overhead).

4.1 Product Economics

#	Product Name	Pack Size	MRP (₹)	Net Selling Price (₹/unit)	Mfg. Cost (₹/unit)	Gross Margin/unit (₹)	Monthly Volume (units)	Monthly Revenue (₹)
P1	Vayal Millet Health Mix (Sathu Maavu)	500 g	240	156	96	60	14,000	21,84,000
P2	Vayal Ragi & Jaggery Cookies	200 g	90	58	34	24	22,000	12,76,000
P3	Vayal Instant Millet Dosa Mix	500 g	150	98	61	37	11,000	10,78,000
P4	Vayal Roasted Millet Munch	100 g	50	32	19	13	26,000	8,32,000
P5	Vayal Millet Porridge Cup (RTE)	60 g	70	46	28	18	9,000	4,14,000
P6	Vayal Institutional Millet Flour (B2B)	25 kg sack	—	2,150	1,780	370	550	11,82,500
Total								69,66,500

Annualised revenue: ₹8,35,98,000 (₹8.36 Crore)

4.2 Product Descriptions

P1 — Vayal Millet Health Mix (Sathu Maavu) A roasted multigrain nutrition powder blending finger millet, foxtail millet, kodo millet, green gram, bengal gram, groundnut, cashew, cardamom and dry ginger. Positioned for children's morning porridge and adult breakfast drinks. Sold in a 500 g resealable laminated pouch with a measuring scoop. Shelf life 9 months. The company's oldest and highest-revenue SKU. An NPOP-certified organic variant using little and barnyard millet is offered at a 22% price premium under the same SKU family.

P2 — Vayal Ragi & Jaggery Cookies Baked finger-millet cookies sweetened with Salem natural jaggery, containing no refined sugar, no maida and no artificial preservatives. Each 200 g pack contains 16 cookies in two food-grade inner sleeves. Shelf life 6 months. The highest-volume SKU by unit count, used heavily as an entry-price trial product in modern trade and quick commerce.

P3 — Vayal Instant Millet Dosa Mix A ready-to-ferment blend of parboiled rice, urad dal, foxtail millet and kodo millet, ground and pre-blended to a fixed ratio. Requires only water addition and 6-hour fermentation. Sold in 500 g pouches yielding approximately 18 dosas. Shelf life 6 months.

P4 — Vayal Roasted Millet Munch A savoury namkeen of roasted millet puffs, curry leaf, roasted gram and mild spice, roasted rather than fried, with 6.2 g protein per 100 g. Sold in 100 g nitrogen-flushed metallised pouches. Shelf life 5 months. The primary impulse-purchase and sampling SKU.

P5 — Vayal Millet Porridge Cup (RTE) A single-serve instant porridge in a 60 g paper cup with foil lid, available in three variants — Jaggery & Cardamom, Savoury Pepper, and Mixed Berry. Prepared by adding hot water and waiting three minutes. Targeted at office workers, hostel residents and travel retail. Shelf life 7 months. The company's newest launch.

P6 — Vayal Institutional Millet Flour (B2B) Unbranded and co-branded milled millet flour supplied in 25 kg HDPE-lined sacks to school meal contractors, hostels, hospital canteens, bakeries and private-label buyers. Available in three grades — Ragi, Multi-Millet, and Foxtail. Supplied against fixed-price quarterly contracts. No retail packaging or brand marketing costs are allocated to this SKU.

4.3 Revenue Contribution by Product

Product	Share of Revenue
P1 — Millet Health Mix	31.4%
P2 — Ragi & Jaggery Cookies	18.3%
P3 — Instant Millet Dosa Mix	15.5%
P4 — Roasted Millet Munch	11.9%
P5 — Millet Porridge Cup	5.9%
P6 — Institutional Millet Flour	17.0%
Total	100.0%

5. OPERATIONS

5.1 Factory

Particular	Detail
Location	SIDCO Industrial Estate, Kurichi, Coimbatore — 641021
Land area	22,000 sq ft (owned)
Built-up area	11,400 sq ft
Installed capacity	50 tonnes of finished goods per month
Actual monthly output (FY 25-26 average)	33.8 tonnes
Capacity utilisation	68%
Shifts	2 shifts of 8 hours, Monday to Saturday
Production lines	4 (Dry-blend & powder · Bakery · Snack roasting · RTE cup filling)
Power	3-phase HT connection with 62.5 kVA diesel generator backup and 30 kW rooftop solar

5.2 Production Process Overview

- Inward & quarantine** — Incoming grain lots are weighed, sampled and held in quarantine pending QA clearance. Tested for moisture, foreign matter, aflatoxin and pesticide residue.
- Cleaning & de-stoning** — Cleared grain passes through a destoner and gravity separator to remove stones, husk and light impurities.
- Roasting** — Grains and pulses are roasted in batch roasters at controlled temperature profiles specific to each grain, then cooled on a fluidised bed cooler.
- Milling & pulverising** — Roasted grain is milled in impact pulverizers to the specified mesh size (60 mesh for health mix, 40 mesh for dosa mix, 80 mesh for institutional flour).
- Blending** — Milled fractions are combined in a 300 kg ribbon blender against a locked batch card. Micronutrient and spice additions are hand-weighed and double-verified.
- Bakery line (P2 only)** — Dough mixing, rotary moulding, baking in a 12-tray rotary rack oven, cooling on a spiral conveyor.
- Snack line (P4 only)** — Millet puffing, seasoning tumbler application, cooling.
- RTE line (P5 only)** — Volumetric dosing into paper cups, foil induction sealing, sleeve application.

9. **Packing** — Automatic form-fill-seal machines for pouches; nitrogen flushing on P4; manual carton packing for institutional sacks.
10. **Inline inspection** — Metal detector and checkweigher on every finished pack. Rejects diverted automatically.
11. **QA release & batch retention** — Finished batch is tested for moisture, microbial load and organoleptic parameters. Retention samples held for shelf life plus 3 months. Batch released to warehouse only against a signed QA certificate.
12. **Palletising & dispatch** — Cases coded with batch number, MFD and EXP, palletised and moved to the finished goods store.

5.3 Warehouses

Warehouse	Location	Area	Ownership	Function
Central FG & Raw Material Store	Kurichi, Coimbatore (factory-attached)	4,200 sq ft	Owned	Raw material, packaging, and primary finished goods stock
Chennai Depot	Madhavaram, Chennai	2,400 sq ft	Leased	Northern Tamil Nadu and Andhra Pradesh distribution
Bengaluru Depot	Peenya, Bengaluru	1,800 sq ft	3PL operated	Karnataka distribution and marketplace fulfilment

Average finished goods inventory cover: 26 days. Raw material cover: 34 days.

5.4 Distribution Channels

Channel	Description	Share of Revenue
General Trade (Distributors)	38 distributors across 5 states servicing approx. 3,100 retail outlets	34%
Institutional / B2B Bulk	Schools, hostels, hospital canteens, bakeries, private-label buyers	21%
E-commerce & Quick Commerce	Amazon, Flipkart, BigBasket, JioMart, and two quick-commerce platforms	19%
Modern Trade	Two regional supermarket chains in Tamil Nadu and Kerala	12%
Exports (Indirect)	Via Tuticorin-based merchant exporter to UAE and Singapore	8%
D2C Website	Own Shopify store with subscription option on P1	6%
Total		100%

5.5 Suppliers

Supplier	Location	Materials Supplied	Relationship Since
Kongu Agro Traders	Erode, TN	Finger millet (ragi), foxtail millet, kodo millet	2017
Marudham Organic Farmers Producer Company	Karur, TN	NPOP-certified organic little millet and barnyard millet	2024
Sri Anandhi Pulses & Grains	Dindigul, TN	Green gram, bengal gram, urad dal, roasted gram, groundnut	2018
Sakthi Jaggery Works	Salem, TN	Natural jaggery blocks and jaggery powder	2018
Nallur Dairy Ingredients	Palani, TN	Milk solids, butter, ghee (bakery line)	2020
Kaveri Spice House	Tiruchirappalli, TN	Cardamom, dry ginger, pepper, curry leaf, seasoning blends	2019
Southern Edible Oils	Virudhunagar, TN	Cold-pressed groundnut oil, coconut oil	2019
Coimbatore Flexipack Solutions	Coimbatore, TN	Laminated pouches, BOPP and metallised films, printed rollstock	2018
Vetri Cartons & Packaging	Tiruppur, TN	Corrugated shippers, mono cartons, inner sleeves	2019
Ashwin Paper Cups & Closures	Sivakasi, TN	RTE paper cups, foil induction lids, sleeves	2024
Precision Foodtech Engineers	Coimbatore, TN	Machinery spares, AMC for pulverizers and FFS machines	2022

6. CUSTOMERS

6.1 Customer Segments

Segment	Profile	Typical Purchase	Share of Revenue
Urban family households	Age 30–50, dual income, Tier-1/Tier-2 South Indian cities	P1 and P2, monthly repeat	29%
Health & lifestyle buyers	Age 35–60, diabetic, weight-managing, or fitness-oriented	P1, P3, P4, subscription on D2C	18%
Young urban professionals & students	Age 20–32, hostel and office consumers	P4, P5, P2 via quick commerce	14%
Institutional food buyers	Schools, hostels, hospitals, Anganwadi contractors	P6 and bulk P1, quarterly contracts	15%
Trade & private-label buyers	Bakeries, cloud kitchens, regional private-label brands	P6, unbranded and co-branded	6%
Diaspora consumers (export)	South Indian households in UAE and Singapore	P1, P2, P3 via ethnic grocery chains	8%
Gifting & festival buyers	Corporate and individual, seasonal	Festival hampers of P1, P2, P4	10%

6.2 Geographic Markets

Market	Share of Revenue	Key Cities
Tamil Nadu	52%	Coimbatore, Chennai, Madurai, Salem, Tiruchirappalli, Erode
Karnataka	16%	Bengaluru, Mysuru
Kerala	11%	Kochi, Thrissur, Kozhikode
Andhra Pradesh & Telangana	9%	Hyderabad, Vijayawada
Maharashtra & rest of India	4%	Mumbai, Pune (e-commerce only)
Exports (UAE, Singapore)	8%	Dubai, Sharjah, Singapore
Total	100%	

6.3 Sales Channels

Channel	Structure	Payment Terms
Distributor network	38 distributors, each servicing 60-110 outlets; managed by 4 Area Sales Executives	21 days credit
Modern trade	Direct billing to 2 regional chains, 74 stores total	45 days credit
E-commerce marketplaces	Seller-fulfilled and marketplace-fulfilled models	14-21 day settlement
Quick commerce	Dark-store supply in 3 cities	30 days
D2C website	Shopify store, prepaid and COD, courier-shipped	Prepaid / on delivery
Institutional	Direct contract, quarterly rate lock, monthly billing	45-60 days credit
Export	Single merchant exporter, FOB Tuticorin	Advance 30%, balance against documents

7. COMPETITORS

Competitor	Headquarters	Description
Aharam Millets Private Limited	Madurai, Tamil Nadu	A 12-year-old millet foods manufacturer with an estimated ₹22 Crore turnover and roughly 130 employees. Operates two plants and sells across Tamil Nadu, Kerala and Karnataka. Portfolio spans health mixes, millet rice, vermicelli and noodles. Strong presence in general trade and a dedicated network of 90+ distributors.
Green Grain Foods India Limited	Bengaluru, Karnataka	A venture-funded D2C-first brand founded in 2019 with an estimated ₹40 Crore turnover. Sells primarily through its own app, Amazon and quick commerce, with limited general trade presence. Known for premium packaging, celebrity-led campaigns and frequent new product launches in millet snacking and RTE.
Amudha Traditional Foods	Chennai, Tamil Nadu	A 24-year-old family-run partnership firm with an estimated ₹15 Crore turnover, focused on traditional Tamil staples — health mixes, appalam, idli podi and instant mixes. Heavily concentrated in Chennai and northern Tamil Nadu general trade with deep retailer relationships and low advertising spend.
NutriSprout Foods Private Limited	Hyderabad, Telangana	A 7-year-old company with an estimated ₹18 Crore turnover, operating mainly as a contract manufacturer and private-label supplier to larger FMCG brands, with a small own-brand retail range. Operates a 120-tonne-per-month facility and competes directly in the institutional and bulk flour segment.
Regional unbranded millers	Various, South India	A fragmented set of several hundred local flour mills and small unregistered units supplying loose and locally-packed millet flour and health mix to neighbourhood provision stores, typically at 25-40% below branded price points. Operate without national distribution or certification.

8. FINANCIAL SNAPSHOT

8.1 Profit & Loss Statement — FY 2025-26

Line Item	Amount (₹ Lakh)	% of Revenue

9.2 Marketing Channels

Channel	Description
Trade marketing	Volume-linked distributor schemes, retailer display incentives, quarterly rate contracts
Digital performance marketing	Meta and Google Ads targeting Tamil Nadu, Karnataka and Kerala; primarily D2C and Amazon conversion campaigns
Marketplace advertising	Sponsored product placements on Amazon, Flipkart and BigBasket
Regional influencer marketing	Tamil and Kannada language food, parenting and nutrition creators; approximately 30 collaborations per year
Content marketing	Recipe videos, millet nutrition explainers, and farmer-sourcing stories published on Instagram and YouTube
Events and expos	Participation in 4-6 millet and food expos annually, including government-sponsored millet promotion events
In-store sampling	Weekend tasting activations at modern trade stores and school health fairs
Seasonal campaigns	Festival gift hampers around Pongal, Diwali and Onam

9.3 Online Presence

Platform	Details
Website / D2C store	www.vayalfoods.in — Shopify-based, English and Tamil, subscription option on P1, approx. 14,000 monthly sessions
Instagram	@vayalfoods — 48,200 followers, 3-4 posts per week
YouTube	Vayal Foods — 6,400 subscribers, recipe and sourcing content
Facebook	21,500 followers, primarily older demographic and regional reach
WhatsApp Business	Catalogue and reorder line for distributors and D2C repeat customers
Amazon	Brand Store live, 6 SKUs listed, average rating 4.2
Flipkart	4 SKUs listed
BigBasket / JioMart	5 SKUs listed
Quick commerce	Listed in Coimbatore, Chennai and Bengaluru dark stores
LinkedIn	Company page, 1,900 followers, used for institutional and B2B outreach

10. TECHNOLOGY

10.1 Software Systems

Function	System	Deployed
Accounting, GST, inventory and billing	Tally Prime (Gold, 5-user multi-location licence)	2019
ERP — production planning, batch costing, BOM	Marg ERP 9+ Manufacturing Edition	2023
CRM and distributor management	Zoho CRM with Zoho Analytics dashboard	2025
E-commerce order management	Unicommerce (marketplace and D2C order sync)	2025
D2C storefront	Shopify	2023
Payroll, attendance and leave	Zoho People with biometric integration	2024
Communication and file storage	Google Workspace Business Standard	2021
Distributor ordering	WhatsApp Business API with catalogue ordering	2024
Label and batch coding	Domino inkjet coder software	2022

10.2 Manufacturing Technologies

Equipment	Specification	Quantity
Impact pulverizer	30 HP, variable mesh, with cyclone separator	2
Batch grain roaster	150 kg per batch, thermostatically controlled	2
Fluidised bed cooler	200 kg per hour	1
Ribbon blender	300 kg capacity, stainless steel 304	2
Destoner and gravity separator	500 kg per hour	1
Rotary rack oven	12-tray, diesel-fired	1
Dough mixer and rotary cookie moulder	60 kg batch	1
Millet puffing machine	80 kg per hour	1
Seasoning tumbler	50 kg per batch	1
Automatic form-fill-seal machine (pouches)	45 packs per minute, with auger filler	2
Nitrogen flushing unit	Inline, for snack packs	1
RTE cup filler and induction sealer	30 cups per minute	1
Metal detector	Inline, ferrous / non-ferrous / stainless steel	2
Checkweigher	±0.5 g accuracy	2
Batch coding printer	Continuous inkjet	3
QA laboratory equipment	Moisture analyser, hot air oven, laminar flow hood, incubator, digital pH meter, weighing balance	1 set
Rooftop solar	30 kW grid-tied	1
Diesel generator	62.5 kVA	1

11. POLICIES

11.1 Return Policy

Trade and Distributor Returns

- Damaged-in-transit stock is accepted for full credit if reported with photographic evidence within 48 hours of delivery.
- Near-expiry stock is accepted for return or exchange if it is within 45 days of the expiry date and was purchased within the preceding 6 months. Returns are capped at 2% of the distributor's rolling quarterly purchase value.
- Manufacturing defects — including seal failure, foreign matter, off-odour and short weight — are accepted for full credit at any point within shelf life, subject to batch verification against retention samples.
- Slow-moving stock is not accepted for return. Distributors may request one liquidation scheme per quarter in lieu.
- Approved credit notes are issued within 10 working days and adjusted against the next invoice.

Modern Trade Returns

- Governed by individual chain agreements. Standard terms provide for expiry return at 1.5% of purchase value per quarter and full credit on damages.

Direct-to-Consumer Returns

- Unopened packs may be returned within 7 days of delivery for a full refund, with return shipping borne by the company.
- Opened packs are eligible for refund or replacement only in cases of quality complaint, subject to the customer sharing the batch code and photographs.
- Refunds are processed to the original payment method within 5-7 working days of the return being received.
- Perishable-condition claims — such as heat damage during transit — are settled by replacement without requiring the product to be returned.

Marketplace Returns

- Handled under the respective platform's return policy. Marketplace return costs are absorbed by the company.

11.2 Employee Work Policy

Area	Policy
Working days	Monday to Saturday. Office and administrative staff work a 5.5-day week with alternate Saturdays off.
Working hours	Office: 9:30 AM – 6:00 PM. Factory: two shifts — 7:00 AM – 3:30 PM and 3:00 PM – 11:30 PM, with a 30-minute rotation overlap.
Overtime	Paid at twice the ordinary wage rate as per the Factories Act. Capped at 12 hours per week.
Statutory benefits	Provident Fund and ESI for all eligible employees. Gratuity as per the Payment of Gratuity Act.
Leave	12 casual leave, 12 sick leave and 15 earned leave per year. Earned leave may be carried forward up to 30 days or encashed annually.
Maternity and paternity	26 weeks paid maternity leave as per statute. 7 days paid paternity leave.
Attendance	Biometric attendance at both the factory and the office, integrated with payroll.
Increments and appraisal	Annual appraisal in April. Sales staff carry a variable component of 15-20% of CTC linked to territory targets and collections.
Training	Mandatory annual food safety and personal hygiene training for all factory and warehouse staff. Machine operators receive an OEM refresher every two years.
Hygiene and PPE	Head cover, apron, gloves and safety footwear are mandatory in production areas. Jewellery, mobile phones and outside food are prohibited on the shop floor. Health check-ups are conducted annually.
Safety	Documented emergency evacuation plan, quarterly fire drills, first-aid trained personnel on each shift.
Grievance and conduct	Internal Complaints Committee constituted under the POSH Act. Grievances are addressed by the HR & Admin Executive with escalation to the Director - Operations.
Remote work	Not applicable to factory, warehouse or field sales roles. Marketing and finance staff are permitted up to 4 remote working days per month.

11.3 Supplier Policy

Area	Policy
Vendor approval	All suppliers must be on the Approved Vendor List. Onboarding requires FSSAI registration (where applicable), GST registration, a facility questionnaire and a physical or virtual site visit.
Trial period	New suppliers of primary raw material undergo a 3-lot trial with 100% incoming inspection before regular supply commences.
Incoming quality	Every grain and pulse lot is tested for moisture, foreign matter, insect damage and broken percentage. Aflatoxin and pesticide residue testing is conducted lot-wise for millets and quarterly for pulses through an NABL-accredited external laboratory. Packaging lots are tested for GSM, seal strength and migration compliance.
Rejection	Lots failing specification are rejected in full and returned at the supplier's cost. Two rejections within a rolling six-month period trigger a vendor review.
Pricing and contracts	Millet prices are fixed monthly against a mutually agreed reference rate. Packaging and consumables are contracted half-yearly. Institutional-grade flour inputs are contracted quarterly to match customer rate locks.
Payment terms	Standard 30 days from receipt of goods and invoice. Farmer producer organisations and smallholder groups are paid within 7 days. Packaging vendors are on 45 days.
Dual sourcing	Every primary raw material and packaging category maintains at least two approved suppliers.
Traceability	Every inward lot is assigned a lot number linked to the supplier, date and batch card, enabling traceability from finished pack to source.
Vendor evaluation	Suppliers are scored half-yearly on quality acceptance rate, on-time delivery, price competitiveness and documentation compliance. Scores are shared with the supplier.
Code of conduct	Suppliers must confirm compliance with applicable labour laws, prohibit child labour, and permit audit access on reasonable notice.
Sustainability	Direct farm sourcing partnerships carry a pre-agreed floor price. The company targets progressive increases in the share of directly sourced millet.
