Ravi and team,

Rev 04 of the line clearance procedure is effective from 08 October 2025. Changes from Rev 03:

1. Line clearance is now mandatory before **every** product changeover and at the **start of every shift**, not only at product changeover.
2. The clearance record must be signed by the shift supervisor and countersigned by a QA representative. Unsigned records will be treated as incomplete.
3. Allergen changeover (dairy-containing bakery batches to non-dairy) now requires a documented wet clean plus a swab test. Swab result must be available before the next batch starts.
4. Metal detector challenge test frequency changed from start-of-shift and end-of-shift to start-of-shift, mid-shift and end-of-shift. Test pieces: Fe 2.0 mm, Non-Fe 2.5 mm, SS 3.0 mm.
5. Coding verification (batch, MFD, EXP) added to the clearance checklist as item 11.

New format QF/PRD/07-04 is printed and kept at both line stations. Old format to be withdrawn on 07 October evening.

Sangeetha will run a 30-minute briefing for both shifts on 07 October at the shift overlap.

Date: Monday, 20 October 2025, 09:00 IST **Subject:** Diwali 2025 — Company Message and Holiday Arrangements

Dear Team,

Deepavali greetings to all of you and your families.

The factory and offices will remain closed on **Monday, 20 October 2025** and **Tuesday, 21 October 2025**. Operations resume with Shift A on Wednesday, 22 October.

A skeleton team will be on duty on 21 October for security, cold room and utility monitoring. Selvakumar has circulated the roster; those on duty will receive compensatory off in November.

Diwali sweets and gift packs have been arranged for all employees and will be distributed at the shop floor and office on 17 October after the second shift briefing. Please collect from the HR desk if you are on leave that day.

This year we crossed 400 tonnes of dispatch for the first time and welcomed nine new colleagues. Thank you for the work behind those numbers.

Wishing you a safe and happy Deepavali.

From: R. Meenakshi Sundaram rms@vayalfoods.in **To:** All Employees all@vayalfoods.in **Date:** Wednesday, 15 July 2026, 09:15 IST **Subject:** Nine Years of Vayal — Company Update

Dear Team,

This month marks nine years since Vayal Foods was registered, in a rented shed off Trichy Road with one pulverizer and six of us.

A few things worth recording as we begin the tenth year:

- FY 2025–26 closed at ₹8.36 Crore of revenue, with 405.6 tonnes dispatched.
- We are 52 people today, and the FY27 plan takes us to 59.

- The Organic Little Millet range went live in April and is now listed on three platforms.
- The ISO 22000 surveillance audit in July 2025 and the FSSAI inspection in February 2026 were both completed without any major non-conformity.
- Our direct sourcing partnership with Marudham Organic FPC covered 26 tonnes last year, paid within seven days on every lot.

The FY27 plan is ₹9.61 Crore. It rests on the second form-fill-seal line coming up in Q2, the cold room now commissioned, and the six new colleagues joining across production, sales and QA over the year.

Thank you for the work. I will be walking the shop floor on both shifts on 20 July; please stop me with anything you want to raise directly.

R. Meenakshi Sundaram Managing Director

VAYAL FOODS PRIVATE LIMITED Quality and Food Safety Team Meeting

Ref: FSTM/FY26/Q2 **Date:** Thursday, 14 August 2025 **Time:** 14:00 – 15:45 **Venue:** QA Laboratory **Chair:** Dr. P. Nandhini, Quality Assurance Manager (Food Safety Team Leader)

Present: Dr. P. Nandhini, Divya Sundaram, S. Ravichandran, R. Sangeetha, K. Vignesh, T. Murugesan, M. Iqbal Basha, V. Selvakumar

1. ISO 22000 surveillance audit outcome (21–22 July 2025) The audit was completed with certification maintained. Two minor observations were raised:

- Observation 1: Two calibration certificates for the platform weighing scale in the raw material store were filed under the previous year's index.
- Observation 2: The visitor entry register did not record health declaration for three entries in June.

Corrective actions were closed on 05 August. Filing index revised; the visitor register format has been reprinted with a health declaration column and the security desk has been briefed.

2. HACCP plan review The hazard analysis was reviewed for the RTE cup line following the addition of the Mixed Berry variant. CCP list unchanged: CCP-1 metal detection, CCP-2 baking time and temperature (bakery line), CCP-3 seal integrity. The berry premix is a bought-in ingredient and has been added to the approved ingredient list with supplier COA required per lot.

3. Testing summary — Q1 FY26

Test Category	Samples	Conforming
Incoming raw material (in-house)	214	214
Incoming raw material (external NABL lab)	26	26
Finished goods — moisture, microbial, organoleptic	341	341
Water potability (quarterly)	4	4
Swab tests — surface and hand	96	94

Two swab results above the internal action limit were followed by re-cleaning and re-swabbing, both conforming on retest.

4. Mock recall exercise A mock recall was performed on 18 July on batch P2/25/0712. Traceability from finished pack to supplier lot was established in 2 hours 10 minutes, within the 4-hour internal target. 96.4% of the dispatched quantity was accounted for.

5. Actions

No.	Action	Owner	Due
1	Update the HACCP plan document to Rev 06 with the berry premix addition	Nandhini	25 Aug
2	Retrain the security desk on the visitor health declaration	Bhuvaneswari	20 Aug
3	Increase swab frequency on the bakery cooling conveyor to twice weekly for one month	Sangeetha	Ongoing
4	Obtain the revised FSSAI licence copy from Ashwin Paper Cups	Iqbal	30 Aug

Next meeting: Thursday, 13 November 2025.

Present: Divya Sundaram, Dr. P. Nandhini, S. Ravichandran, A. Karthikeyan, Aakash Menon, M. Prabhu, R. Sangeetha

1. Projects under review

Code	Working Title	Stage	Status
NPD-11	Organic Little Millet Health Mix (P1 variant)	Pre-launch	Certification received Feb target
NPD-12	Millet Vermicelli 400 g	Bench trial	Trial 3 completed
NPD-13	Millet Munch — Tangy Tomato variant	Bench trial	Trial 2 completed
NPD-14	Health Mix 200 g trial pack	Packaging development	Costing under review
NPD-15	Ragi Cookies — Almond variant	Concept	Deferred to FY27

2. NPD-12 Millet Vermicelli Sangeetha presented results of trial 3. Extrusion at 24% moisture gave the best strand integrity. Cooking time 4 minutes 20 seconds; no significant strand breakage after the standard cook test. The panel scored 7.4 out of 9 on overall acceptability, against 6.8 in trial 2.

Ravichandran noted that extrusion would require a bought-in extruder, and the current plan does not include this capex in FY27. Agreed to evaluate a co-packing route for a market test of 5,000 packs before any capex decision.

3. NPD-13 Tangy Tomato variant Panel score 7.1 out of 9. Seasoning cost is ₹2.40 per 100 g pack higher than the existing variant. Agreed to proceed to trial 3 with a reformulated seasoning from Kaveri Spice House and to re-cost.

4. NPD-14 Health Mix 200 g trial pack Prabhu presented three artwork routes. Route B selected. Pouch cost quoted by Coimbatore Flexipack at ₹4.85 per pouch for a 50,000-piece order. Agreed to seek a second quotation before finalising.

5. Decisions

No.	Decision
1	NPD-12 to proceed to a co-packed market test of 5,000 packs. Co-packer identification by Ravichandran.
2	NPD-13 to proceed to trial 3 with reformulated seasoning.
3	NPD-14 artwork Route B approved; second pouch quotation to be obtained.
4	NPD-15 deferred to the FY27 pipeline review.

6. Actions

VAYAL FOODS PRIVATE LIMITED Safety Committee Meeting

Ref: SC/FY27/Q1 **Date:** Saturday, 27 June 2026 **Time:** 15:00 - 16:20 **Venue:** Training Room
Chair: S. Ravichandran, Plant Manager (Committee Chairperson)

Present: S. Ravichandran, T. Murugesan, J. Arulmozhi, V. Selvakumar, S. Bhuvaneswari, K. Vignesh, and two worker representatives — M. Saravanan (production) and P. Kalaiselvi (packing)

- 1. Review of the previous quarter** Zero lost-time incidents were recorded in Q4 FY26 and Q1 FY27 to date. Two first-aid cases were recorded: a minor cut during carton handling on 12 May and a minor burn near the rotary oven on 03 June. Both were treated on site; the burn case was reviewed and a heat-resistant glove of a different specification has been issued at that station.
- 2. Fire drill** The drill on 21 February 2026 was completed with full evacuation and headcount in 3 minutes 55 seconds, against the target of 4 minutes. The next drill is scheduled for the week of 17 August 2026.
- 3. Safety inspections** Monthly walkthrough findings for April, May and June were reviewed. 23 observations were raised and 21 closed. Two open items: replacement of a

damaged floor grating near the wash bay (part ordered) and additional lighting at the diesel storage area (electrician scheduled).

4. PPE Bhuvaneswari confirmed PPE issue records are current for all 52 employees and 6 contract workers. Safety shoe replacement cycle for production staff has been set at 12 months from the issue date.

5. New installations The cold room commissioned in June was reviewed for safety. The inside-release door handle, the man-trapped alarm and the emergency light were all tested and found functional. Two staff have been trained on the entry procedure.

6. Worker representatives' points

- M. Saravanan raised the need for an additional drinking water point near the milling section. Agreed; to be installed by 20 July.
- P. Kalaiselvi requested anti-fatigue mats at the two manual packing stations. Agreed; quotation to be obtained.

13 - 19 Oct	1,620	7,030
20 Oct	210	7,240

7. Learnings recorded for the campaign library

No. Learning

- 1

The mid-price Family Gift Box at ₹599 accounted for 41% of units and was the strongest performer across all four channels.
- 2

Corporate gifting outreach begun in early September converted 9 of 34 approached accounts; earlier outreach in August is planned for 2026.
- 3

Hamper assembly consumed 11 working days of packing capacity in total; a dedicated assembly bay was set up mid-campaign and is worth planning from the start.
- 4

Premium Hamper sales were concentrated in e-commerce and corporate channels; general trade offtake at that price point was limited.
- 5

Marketplace hamper listings created two weeks before the festival date reached full visibility by the peak week.

8. Learnings recorded for the campaign library

No. Learning

- 1 The farm-story film was the highest engaging asset of the campaign and has been retained as an evergreen brand asset on the website and YouTube.
 - 2 Sourcing provenance and the named producer company appeared in 31% of review text, more often than any product attribute other than taste.
 - 3 Premium and organic-format general trade outlets took the SKU more readily than mainstream outlets; a defined outlet list has been created for future premium launches.
 - 4 The launch price of ₹289 against an MRP of ₹340 was held for eight weeks; the transition to MRP from 16 June saw units per week settle at 78% of the launch-price run rate.
 - 5 Organic batches required first-of-day scheduling and a full line clean; production planning lead time for this SKU is a full day and is now built into the monthly plan.
